There are many videos on the web discussing how robots will affect humanity in the future.

For each of the questions below, justify your arguments. Find and cite papers or articles supporting your arguments.

Q1. Name one area where robots have changed humanity. Explain what the robots do. How does this affect humanity? If jobs are lost, what happens to these newly unemployed people.

Q2. Name ANOTHER area where robots have changed humanity. Explain what the robots do. How does this affect humanity? If jobs are lost, what happens to these newly unemployed people.

Q3. Name ANOTHER area where robots have changed humanity. Explain what the robots do. How does this affect humanity? If jobs are lost, what happens to these newly unemployed people.

Q4. In your opinion, how will humanity react to this robot invasion of society?

Guidelines for adding citations:
